

# GROW YOUR BUSINESS WITH NYC ACCELERATOR

Energy Plus is a participant in NYC Accelerator's Service Provider Program.

## Service Provider Overview

Energy Plus is a Brooklyn-based service provider specializing in energy efficiency and code compliance projects that include pipe and duct insulation, venting, air sealing, roof insulation, and heating and cooling system installations.

Founded in 2014 with 15 employees, the company now has more than 150 workers handling energy upgrades mostly at large affordable housing buildings. It expects to complete as many as 160 retrofit jobs in the coming year. "Our company keeps growing," says Moshe Freund, Energy Plus Chief Operating Officer. "As an NYC Accelerator Service Provider, we've gained valuable connections to projects and clients, fueling our mission to advance energy efficiency through upgrades and utility incentives."

Since joining NYC Accelerator's Service Provider Program in 2022, Energy Plus has been one of the most active members. They are a leading provider of Prescriptive Energy Conservation Measures and other solutions that reduce carbon emissions, ensure compliance with Local Law 97, and support the city's climate goals.

➤ 300+ clients served

➤ 150+ employees

➤ 10+ years in operation

➤ NYC Accelerator Service Provider since 2022

*"NYC Accelerator publicized our services and helped us reach new audiences," says Freund. "It's a great platform for us."*

NYC Accelerator vendor expos offer service providers a unique platform to connect with building owners, expanding opportunities to deliver expert sustainable solutions.

# The Benefits of Participating in the NYC Accelerator Service Provider Program

Energy Plus Chief Operating Officer Moshe Freund explains some of the advantages of being a member.

## Opportunities for Growth

“We regularly receive inquiries from potential customers who discovered us through NYC Accelerator.”

## Program Engagement

“The NYC Accelerator vendor expos are highly effective. We’ve met and engaged with many new clients, facilitating our implementation efforts beyond just our engineers’ work.”

## Increased Owner Engagement and Education

“When owners hear from NYC Accelerator, they become more involved and seek better explanations about local laws like LL97. NYC Accelerator increases owner engagement, making implementation easier.”
